PROJECT PORTFOLIO

Check out the latest case studies of projects delivered by SecureClaw.

TRUSTED CYBERSECURITY & SOFTWARE PARTNER SINCE 2016

Founded in 2016 as SecureClaw IT and Cybersecurity Pvt. Ltd. (formerly known as GrassDew IT Solutions) in Mumbai, India, the company has grown into a global cybersecurity leader with operations in India and, since 2023, in Delaware, USA through SecureClaw Inc.

Specializing in cybersecurity audits and consulting, software development, and teleservices solutions, SecureClaw helps organizations protect digital assets, maintain compliance, and strengthen resilience against evolving cyber threats.

Alongside cybersecurity, the firm develops secure, scalable software tailored to business needs and, since 2020, has partnered with Tata Tele Business Services to deliver professional teleservices that enhance customer engagement, secure communication, and operational efficiency across industries.
